Ginny- thank you for the fast turnaround on the work plan approval. The owners of GRI are meeting with someone from the REC program in Raleigh on Thursday August 7, 2008 to clear up some issues and hopefully get a better understanding on what we need to do for our clients in regards to this program. Therefore, ABCD Enterprises is wanting to wait on doing the field work until after this meeting. I will be in touch soon once we get approval to go forward with the proposed work plan (GRI) and the changes from NCDENR. Thanks again!
